

HELIO TECH

SOLAR SENSE HELIO TECH

As the world continues to evolve, technology continues to improve and have many advances. There is a limited supply of fossil fuels, and the best way to continue to evolve with the world is with solar technology! Our mission is to develop innovative, convenient, and eco-friendly products. Our products allow customers to charge their devices while on the go. Helio Tech is an eco friendly technology company that focuses on using the renewable energy from the sun to power its charging devices. Helio Tech specializes in solar-power personal charging devices for active lifestyles.

WHAT DOES IT MEAN TO BE CEO?

Brian Renoj

What a leader does around the classroom on a daily basis is overlook the work of their associates, and in my case I have to overlook everyone's work while also doing my own work. A task that a leader does once a week or biweekly is to meet up with their department as well as the other leaders. What I do for leadership meetings is to make the agenda and lead the meetings. Hopefully I can be a great leader for everyone in our company and make our company ahead of the competition. Being the CEO has so far been a great experience for me because it gives me a sense of excitement!

Operation Christmas Child

Bringing Hope and Joy to Kids, One Box at a Time!

It's the time of the year when joy is filling through the streets. Although this may not be the case for everyone. As we all know, there are many people who cannot afford to buy or receive gifts during the holidays. Here at

HelioTech we want to start changing that. With the donation of a goodie filled shoe box we will start putting smiles on the faces of the less fortunate. Operation Christmas Child delivered more than 135 million gift-filled shoeboxes to children in more than 150 countries and territories. As a company we like to contribute to the world especially in

helpful ways like this. These shoeboxes will be delivered to groups of children from the ages ranging 2-14 in countries of limited resources.. If you want to participate in this generous program contact Alejandra in the communications department. We will be collecting boxes until December 14th.

San Diego Exhibition

HelioTech traveled south on November 30, 2018 to San Diego on our first competitive Trade Show. Our team showed an exceptional amount of talent going home with four awards. Including Gold for Sales Materials, Bronze for E-commerce Website, Bronze for Impact Marketing, and Bronze for Company Branding. We encountered many other companies and we were fortunate to reach it to the top places. This was a great way to start off this competitive year. HelioTech employees finished off the night by bonding together at San Diego's Belmont Park.

BEST SELLING PRODUCTS

Power Bank 2 \$50

This solar Power Bank is equipped with 3 solar panels, making it charge itself quickly in sunlight, which is 3 - 5 times faster than the other solar chargers, suitable for hiking, camping and other outdoor trips. Allows you to charge 2 devices at the same time. Detects the current of access devices to match the best output, safely protecting your devices from over current, over-voltage, short circuit, etc.

The Helio SmartCase gives you a longer battery life using solar energy or the option of using the cable your phone uses while offering great protection. Inside, a soft micro fiber lining helps protect your iPhone or Samsung.

\$60-\$100*

Helio SmartCase

Employee of the month

**Jonathan
Vazquez**

Digital Media Associate

The employee of the month for December is Jonathan Vazquez. He was chosen because according to his department leader, he has been an excellent addition to the Digital Media department. He started out on a rough path but

he has tremendously grown as an individual throughout these past months working at HelioTech. He has also contributed creative and effective ideas to the development of the radio commercial and company slogan.
