Heading to the Bay

## Company prepares for bay area business trip

**N**ext month our company and all its employees are preparing for the Bay Area Business Conference and Exhibition in Oakland. The company will be sending a team to promote and expand our company brand and expose the company to the San Francisco Bay area. The team will participate in the following competitions; marketing plan, commercial video, human resources competition and Elevator pitch. However, not everything is work, we will also visit some interesting places in this area such as Jelly Belly Factory Tour, Exploratorium, Aquarium of the Bay, AT&T ball park, Madame Tassuard's wax museum, an evening Alcatraz Island Tour and a Hop-on-Hop-off Tour of the city. One the final night the company is planning a all company cable car ride to close out the trip.

# LOS ANGELES CONFERENCE AND EXHIBITION

ConneXus descends on the city of Pasadena for region trade show event and walks away with everything coming up roses!

The city of roses was the host for the Los Angeles Conference and Exhibition is an event sponsored by Virtual Enterprises, it is a great event for both, our company and our employees. This event opened the doors to San Francisco because of all the effort that our company employees put

into the conference and in each of our competitions. We wanted to make our company the best we could, as well as represent what we do in our community. All the recognitions that we have received in this and other similar events inspires our employees to work hard. Our company tries to bring all people together through language, breaking the barriers that exist between countries or races. That's why at ConneXus we connect the world through language!

## WHAT'S EVERYONE *Talking* ABOUT?

ConneXus is unveiling some new colors options for their Ambassador and Diplomat models. These communication devices will begin a wave of new colors stepping into the marketing in the coming months. The new colors we generated from customer focus groups and the 3 new colors were the most popular. The new colors will help improve the visibility of our products and extend the brand. We are hoping that new colors catch the attention of new customers and should be very visible as people begin to wear these in public. The products will be rolled at our next trade show event in Oakland in mid-March and are current available for pre-order on the company web site now.

**Ambassador-Audorus Gold**  
Gives a richness in color for those that want to impress

**Diplomat European**  
features a bold yellow shell

**Ambassador-Chrome Silver**  
Has that classic and professional feel and is ready to do business

# EMPLOYEE OF THE MONTH

Rosa Ayala is an Arts and Publication associate, she has been a tremendous help and plays a major role in our company's success. She's been selected for the Employee of the Month for the month of February for portraying leadership skills and embodying them profoundly. It is an honor to have someone like Rosa be a part of our company. We are excited to see what else she has in store for us here at Connexus and what she will use from her experience here to her advantage.

## COMPANY AWARDS

"Winning 1st place for the Employee Handbook and representing my company was very exciting and an honor. It was an exhilarating moment filled with excitement and emotion. It was a really hard competition, there were really great teams. Knowing that all those late nights paid off made

being announced first place a weight lifted off my shoulders. I would really just like to thank our consultant Mr. Gersten for working closely with me and guiding me towards the big win. I am really looking forward for what's coming, as a company and individually." - Araceli Garcia

**Justin Magallon**

Team Award for Salesmanship

**Yuri Figueroa**

Team Award for Sales Materials

**Greg Gomez**

Team Award for Elevator Pitch
