CHARGE UP WHEN THE SUNS UP

TEAM HELIO TECH

COMPANY MISSION

As the world continues to evolve, technology continues to improve and have many advances. There is a limited supply of fossil fuels and the best way to continue to evolve is solar technology! Our mission is to develop innovative, convenient, and eco-friendly products. Our products allow customers to charge their devices while on the go.

POWER BANKS

POWER BANK 2

24000mAh High Capacity: Built-in high efficiency lithium polymer battery. Larger Panels and Fast Charging: This solar power bank is equipped with 3 solar panels, making it charge itself quickly in sunlight, which is 3 - 5 times faster than the other solar chargers, suitable for hiking, camping and other outdoor trips. Allows you to charge 2 devices on the same time. Detects the current of access devices to match the best output, safely protecting your devices from over current, over voltage, short circuit, etc. The ports are protected by cover, making they are durable.

PRODUCT NUMBER: PB-2S (SILVER) PB-2G (GOLD)

PRICE: \$50.00

Have you ever been hiking with your friends, having a good time, laughing and catching up when suddenly your phone shuts off because it ran out of battery? or gone to the beach to spend time with family and your portable charger runs out of battery?

Charge up when the sun's up!

ABOUT US

Helio SmartCase

Engineered exclusively for iPhones models (6, 6s, 7, 7+, 8, 8+, x, xs) and also Samsung phones (Samsung S9 Note 9). The smart case gives you a longer battery life using solar energy or the option of using the cable your phone uses while offering great protection. Inside, a soft micro fiber lining helps protect your iPhone or Samsung. On the outside, the plastic with our color option, very solid and high quality, feels great in your hand. Charge your phone and Helio SmartCase simultaneously for increased time and even longer audio and video playback.

HelioTech is a VE company that uses all natural renewable energy for its products. HelioTech is a good fit for frequent phone users who always seem to find themselves with low battery. HelioTech cares about our planet by using solar powered products that are beneficial towards the buyer and the earth. As the world continues to evolve, technology continues to improve and have many advances. Our mission is to develop innovative, convenient, and eco-friendly products. Our products allow customers to charge their devices while on the go.

HelioBank

24000mAh High Capacity: Built-in high efficiency lithium polymer battery. Large panels and fast charging. This solar power bank is equipped with 3 solar panels, making it charge itself quickly in sunlight, which is 3 - 5 times faster than the other solar chargers, suitable for hiking, camping and other outdoor trips. Allows you to charge 2 devices at the same time. Detects the current of access devices to match the best output, safely protecting your devices from over current, over-voltage, short circuit, etc.
